

Three routes to market. One connected growth engine.

Wistudi reaches educators, institutions and learners through a multi-channel go-to-market strategy.

Real
learning.
Real impact.
Together.

Creator-led adoption

Discover → Create → Share → Grow

Educators enter through free access, build and share learning experiences, and introduce Wistudi into their classes and communities.

- ✓ Free creator entry
- ✓ Workshops and communities
- ✓ Templates and shared content
- ✓ Organic learner exposure

Institutional adoption

Pilot → Validate → Expand

Wistudi works directly with schools and education organisations to test the platform in real environments and convert successful pilots into larger deployments.

- ✓ Institutional outreach
- ✓ Pilot and trial programmes
- ✓ Training and onboarding
- ✓ Organisation packages

Partner-led distribution

Integrate → Distribute → Scale

EdTech integrations and local partners help Wistudi reach institutions faster, particularly in markets where trusted local relationships matter.

- ✓ EdTech integrations (LTI)
- ✓ Distribution partners
- ✓ Referral and reseller channels
- ✓ Regional introductions
